How did you hear about us? \_\_\_\_\_

**PLEASE READ:** The purpose of your consultation is to better understand what is going on with your health and to determine what the most appropriate next steps are. Prior to your visit, please provide our office with any testing and lab results from the previous 12 months. These may be faxed, emailed, mailed or dropped off at our office before the day of your appointment.

The fee for today's initial consultation is \$100. (unless special arrangements have been previously discussed) and will be due at time of service. Consultations, labs, and supplements are not billable to insurance and fees for these services will be discussed at your appointment.

**NOTICE OF PRIVACY PRACTICES FOR PROTECTED HEALTH INFORMATION**

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

**Our Legal Duty**

We are required by law to maintain the privacy of protected health information and to provide you with notice of our legal duties and privacy practices with respect to your protected health information. We must abide by the terms of this Notice while it is in effect. However, we reserve the right to change the terms of this Notice and to make the new notice provisions effective for all of the protected health information that we maintain. If we make a change in the terms of this Notice, we will notify you in writing and provide you with a paper copy of the new Notice, upon request.

**Uses and Disclosures**

There are a number of **situations in which we may use or disclose** to other persons or entities your confidential health information. Certain uses and disclosures will require you to sign an acknowledgement that you received this Notice of Privacy Practices. These include treatment, payment, and health care operations. Any use or disclosure of your protected health information required for anything other than treatment, payment or health care operations requires you to sign an Authorization. Certain disclosures that are required by law, or under emergency circumstances, may be made without your Acknowledgement or Authorization. Under any circumstance, we will use or disclose only the minimum amount of information necessary from your medical records to accomplish the intended purpose of the disclosure.

We will attempt in good faith to obtain your signed Acknowledgement that you received this Notice to use and disclose your confidential medical information for the following purposes. These examples are not meant to be exhaustive, but to describe the types of uses and disclosures that may be made by our office once you have provided Consent.

Treatment. *Example:* We may use your health information within our office to provide health care services to you or we may disclose your health information to another provider if it is necessary to refer you to them for services.

Payment. *Example:* We may disclose your health information to a third party such as an insurance carrier, an HMO, a PPO, or your employer, in order to obtain payment for services provided to you.

Health Care Operations. *Example:* We may use your health information to conduct internal quality assessment and improvement activities and for business management and general administrative activities.

Appointment Reminders. *Example:* Your name, address and phone number and health care records may be used to contact you regarding appointment reminders (such as voicemail messages, postcards or letters), information about alternatives to your present care, or other health related information that may be of interest to you.

In the following cases we never share your information unless you give us written permission: Marketing purposes, sale of your information, most sharing of psychotherapy notes. In the case of fundraising: We may contact you for fundraising efforts, but you can tell us not to contact you again.

There are certain circumstances under which we may use or disclose your health information **without first obtaining your Acknowledgement or Authorization:**

Those circumstances generally involve public health and oversight activities, law-enforcement activities, judicial and administrative proceedings, and in the event of death. Specifically, we may be required to report to certain agencies information concerning certain communicable diseases, sexually transmitted diseases or HIV/AIDS status. We may also be required to report instances of suspected or documented abuse, neglect or domestic violence. We are required to report to appropriate agencies and law-enforcement officials information that you or another person is in immediate threat of danger to health or safety as a result of violent activity. We must also provide health information when ordered by a court of law to do so. We may contact you from time to time to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you. You should be aware that we utilize an "open adjusting room" in which several people may be adjusted at the same time and in close proximity. We will try to speak quietly to you in a manner reasonably calculated to avoid disclosing your health information to others; however, complete privacy may not be possible in this setting. If you would prefer to be adjusted in a private room, please let us know and we will do our best to accommodate your wishes.

**Others Involved in Your Healthcare:** Unless you object, we may disclose to a member of your family, a relative, a close friend or any other person you identify, your protected health information that directly relates to that person's involvement in your health care. If you are unable to agree or object to such a disclosure, we may disclose such information as necessary if we determine that it is in your best interest based on our professional judgment. We may use or disclose protected health information to notify or assist in notifying a family member, personal representative or any other person that is responsible for your care of your location, general condition or death. Finally, we may use or disclose your protected health information to an authorized public or private entity to assist in disaster relief efforts and to coordinate uses and disclosures to family or other individuals involved in your healthcare.
